# What is Shopify Dropshipping?

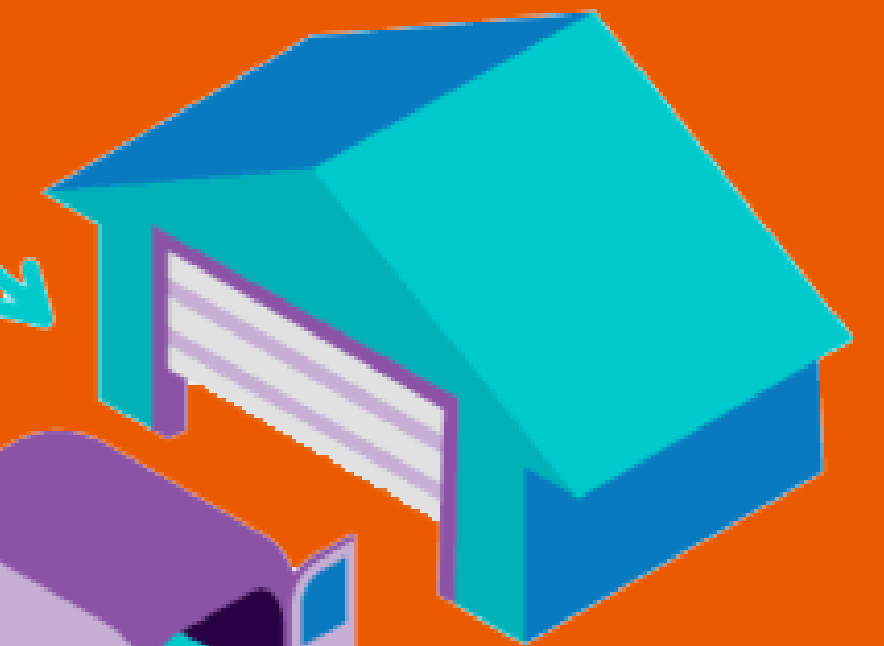

You place an order to your supplier from your Purchased Inventory or Topped up Wallet

②

Customer places an order on your online store

①

Supplier ships directly to customer

③

# **How does it work?**

**We set you up with your own e-commerce store, communicate with the supplier, and advertise your products online.**

# What should be my budget?

This budget will be utilized in Shopify monthly store fee, store apps, Facebook marketing, inventory

**\$7000 - \$8000\***

*(For a period of 6 months)*

*\*This does not include our service charges*

**THIS IS AN ESTIMATION AND NOT DEFINITIVE**

# Break Down

- **Shopify Basic Plan - \$30/month** (*\$180 for 6 months*)\*
- **Shopify Apps Cost - \$30/month** (*\$180 for 6 months*)\*
- **Marketing (Facebook Ads) - \$1000 to 1200/month\***

*Facebook Marketing budget may vary depending upon product's performance, we set \$300 per product testing and this budget is set for 4 products per month*

*\*This does not include our service charges*

Management

# FAQs

## **Q1. How is this business an asset?**

**A. Your store becomes an asset once you start generating traffic and people start recognizing you as a brand. An online asset is always flippable i.e., it can be sold like any other business!**

## **Q2. Is this business model sustainable?**

**A. Yes! We keep updating our strategies to overcome the challenges faced in the marketing world everyday. We make sure that we are ready for a problem before it even arrives.**

## **Q3. How likely am I to succeed in this business?**

**A. Drop shipping is dependent on consistency, if you're consistent enough and are following the model rigorously, you are bound to succeed, referring to A1, you become a brand.**

## **Q4. Is this the only investment I need?**

**A. No. As we mentioned DS is dependent on consistency. Once we find that a product is performing significantly well, we feed more money into its marketing for maximum profit.**
